

Tomos Mopeds Arrow R

Take a look at the Arrow. Less is more. The tubular frame accents the very existence of the unit. The mono shock and large seat provides comfort and support for the individual rider. Visibility and ease of riding will make it hard to believe that you are on a motorized two wheeler and having fun. The double headlights illuminate the road for improved visibility. The narrowness of the unit makes it a great unit to store in close quarters. Responsive and powerful, the Arrow will quickly move you in and out of traffic safely.
